How it works

1. Send	2. We build	3. You check	4. Live
One five-minute form: hours, menu, a few photos.	Page, QR menu and print files, the same day.	One round of edits is included.	A link and the files, one business day in.

Good to know

- **What we do not sell:** no register, no card processing, no ordering with payment. Nothing you already run has to change.
- **Delivery target:** one business day from the moment we have your details, hours, menu and photos. A long menu, missing photos or a translation can add a day, and we say so before we start.
- **If something is wrong:** full refund before the build starts; after delivery, anything missing from the package is fixed, or that part is refunded, within 7 days of the delivery email.
